RESOLUTION CONCERNING CHINA'S ONGOING PRACTICE OF ESPIONAGE

Whereas, China has a well-documented program of cyber espionage targeted at the United States military, and the defense and civilian industrial base; and

Whereas, U.S. national intelligence chief James Clapper said that there was “a remote chance of a major cyber-attack against U.S. critical infrastructure systems during the next two years that would result in long-term, wide-scale disruption of services, such as a regional power outage;” and

Whereas, CIA Director John Brennan has stated that “the seriousness and the diversity of the threats that this country faces in the cyber domain are increasing on a daily basis;” and

Whereas, U.S. security firm Mandiant reported a unit of China's People's Liberation Army had stolen hundreds of terabytes of data from at least 141 organizations, mostly based in the United States; and

Whereas, National Security Adviser Tom Donilon said that U.S. businesses are growing more concerned “about sophisticated, targeted theft of confidential business information through cyber-intrusions emanating from China at a very large scale;” and

Whereas, these acts threaten the security of the United States, and threaten the world-wide economic competitiveness of our country's industrial base; and

Whereas, China has denied such reports, and says it is a victim of cyber spying by the U.S. government; and

Whereas, President Obama has only indirectly confronted China, and by his refusal to openly identify China as the primary state actor conducting cyber warfare against the United States, implicitly encourages their continuance; therefore be it

Resolved, the Republican National Committee condemns China for its aggressive program of cyber warfare and espionage, and its denial thereof; and be it further

Resolved, the Republican National Committee calls on President Obama to publicly condemn China for its aggressive program of cyber warfare and espionage and to be clear about how the United States will respond to the use of strategic cyber weapons on American soil, in the military sphere; and be it finally

Resolved, the Republican National Committee calls on President Obama to begin to match his words with actions, and take actions necessary to cause China to cease these acts.

RESOLUTION CONCERNING COMMON CORE EDUCATION STANDARDS

Whereas, the Common Core State Standards (CCSS) are a set of academic standards, promoted and supported by two private membership organizations, the National Governor's Association (NGA) and the Council of Chief State School Officers (CCSSO), as a method for conforming American students to uniform ("one size fits all") achievement goals to make them more competitive in a global marketplace; and

Whereas, the NGA and the CCSSO, received tens of millions of dollars from private third parties to advocate for and develop the CCSS strategy, subsequently created the CCSS through a process that was not subject to any freedom of information acts or other sunshine laws, and never piloted the CCSS; and

Whereas, even though Federal Law prohibits the federalizing of curriculum, the Obama Administration accepted the CCSS plan and used 2009 Stimulus Bill money to reward the states that were most committed to the president's CCSS agenda; but, they failed to give states, their legislatures and their citizens time to evaluate the CCSS before having to commit to them; and

Whereas, the NGA and CCSSO in concert with the same corporations developing the CCSS 'assessments' have created new textbooks, digital media and other teaching materials aligned to the standards which must be purchased and adopted by local school districts in order that students may effectively compete on CCSS 'assessments;' and

Whereas, the CCSS program includes federally funded testing and the collection and sharing of massive amounts of personal student and teacher data; and

Whereas, the CCSS effectively removes educational choice and competition since all schools and all districts must use Common Core 'assessments' based on the Common Core standards to allow all students to advance in the school system and to advance to higher education pursuits; therefore be it

Resolved, the Republican National Committee, as stated in the 2012 Republican Party Platform, "do[es] not believe in a one size fits all approach to education and supports providing broad education choices to parents and children at the State and local level," (Renewing American Values to Build Healthy Families, Great Schools and Safe Neighborhoods, p.35), which is best based on a free market approach to education for students to achieve individual excellence; and be it further

Resolved, the Republican National Committee recognizes the CCSS for what it is-- an inappropriate overreach to standardize and control the education of our children so they will conform to a preconceived "normal;" and be it further

Resolved, that the Republican National Committee rejects the collection of personal student data for any non-educational purpose without the prior written consent of an adult student or a child student's parent, and that it rejects the sharing of such personal data, without the prior written consent of an adult student or a child student's parent, with any person or entity other than schools or education agencies within the state; and be it finally

Resolved, that the 2012 Republican Party Platform specifically states the need to repeal the numerous federal regulations which interfere with State and local control of public schools, (Renewing American Values to Build Healthy Families, Great Schools and Safe Neighborhoods, p. 36); and therefore, the Republican National Committee rejects this CCSS plan which creates and fits the country with a nationwide straitjacket on academic freedom and achievement.

RESOLUTION CONCERNING VOTING OF OVERSEAS MEMBERS OF THE MILITARY

Whereas, our men and women serving overseas in the U.S. military deserve our very best efforts to ensure they can exercise their right to vote and that they are not disenfranchised because their ballots arrive home too late to be counted; and

Whereas, as the result of efforts by Senator John Cornyn and Representative Kevin McCarthy to enact the Military Voter Protection Act, Congress passed The Military and Overseas Voter Empowerment Act, which provides for an express delivery system for military ballots from overseas; and

Whereas, at the insistence of Democrats in the U.S. Senate, The Military and Overseas Voter Empowerment Act gives a monopoly on the federally funded delivery of such ballots to the U.S. Postal Service, and

Whereas, the U.S. Postal Service at the current time will not guarantee timely delivery of ballots mailed less than one week before the election; and

Whereas, allowing free and open competition among express delivery providers could shorten the guaranteed delivery time for most military ballots to four days or less; therefore be it

Resolved, the Republican National Committee urges Congress to change the law to require that if the U.S. Postal Service cannot guarantee timely delivery to the proper election officials of military ballots within four days of the general election, that delivery providers be selected by an open and transparent competitive process, to ensure timely delivery of military ballots from overseas.

RESOLUTION FOR MARRIAGE AND CHILDREN 2013

Whereas, the institution of marriage is the solid foundation upon which our society is built and in which children thrive; and it is based on the relationship that only a man and a woman can form; and

Whereas, support for marriage has been repeatedly affirmed nationally in the 2012 Republican National Platform, through the enactment of the Defense of Marriage Act in 1996 (signed into law by President Bill Clinton), and passed by the voters of 41 States including California via Proposition 8 in 2008; and

Whereas, no Act of human government can change the reality that marriage is a natural and most desirable union; especially when procreation is a goal; and

Whereas, the future of our country is children; it has been proven repeatedly that the most secure and nurturing environment in which to raise healthy well adjusted children is in a home where both mother and father are bound together in a loving marriage; and

Whereas, the U. S. Supreme Court is considering the constitutionality of laws adopted to protect marriage from the unfounded accusation that support for marriage is based only on irrational prejudice against homosexuals; therefore be it

Resolved, the Republican National Committee affirms its support for marriage as the union of one man and one woman, and as the optimum environment in which to raise healthy children for the future of America; and be it further

Resolved, the Republican National Committee implores the U. S. Supreme Court to uphold the sanctity of marriage in its rulings on California's Proposition 8 and the Federal Defense of Marriage Act.

RESOLUTION HONORING RON PAUL, FORMER CONGRESSMAN AND MEDICAL DOCTOR

Whereas, the Honorable Ron Paul served his country with dignity and integrity as a United States Congressman from the State of Texas for 23 years; and

Whereas, Ron Paul served his country bravely as a member of the United States Military during his time as an Air Force Flight Surgeon; and

Whereas, a generation of new voters were inspired to join and become active in the Republican Party due to Ron Paul's promotion of a limited government philosophy; and

Whereas, Ron Paul has remained consistent in his dedication to the principles of life, the free market and the Constitution; therefore be it

Resolved, that the Members of the Republican National Committee express their sincere gratitude to the Honorable Ron Paul for his selfless commitment and personal dedication with which he has served this nation.

**RESOLUTION REQUESTING ACCOUNTABILITY
FROM THE DEPARTMENT OF HOMELAND SECURITY**

Whereas, the Department of Homeland Security (DHS) has not responded satisfactorily to multiple Members of Congress asking why the DHS requisitioned more than 1.6 billion rounds of ammunition in the past year; therefore be it

Resolved, that the Members of the Republican National Committee support the signatories of the letter drafted by Rep. Doug LaMalfa, dated March 5, 2013, to DHS seeking transparency and accurate information concerning DHS's purchases of ammunition.

RESOLUTION SUPPORTING A STRONG SPACE PROGRAM

Whereas, the United States of America deserves a space program worthy of our great nation; and

Whereas, our space program has contributed to numerous scientific discoveries which have enhanced our quality of life, including: microwave ovens, satellite television and radio, water filter technology, scratch resistant lenses, and long distance telecommunications; and

Whereas, our space program has contributed to numerous scientific discoveries which have saved countless lives including: magnetic resonance imaging (MRI) and computed tomography (CT) scan, programmable pacemakers and defibrillators, left ventricular assist devices, laser angioplasty, and insulin pumps; and

Whereas, our space program has been a great source of national pride and international prestige; and

Whereas, our space program has always enjoyed bipartisan support from men and women who understood the vision President John F. Kennedy expressed when he challenged our nation to fly to the moon; and

Whereas, the Obama administration has left our space program rudderless when it suddenly and inexplicably canceled the Constellation Program which was based on sound engineering and technology; and

Whereas, the Obama administration has adopted a program based on inefficiency, waste, and political ideology which blatantly ignores the safety lessons learned from the past; and

Whereas, the executive decisions which have been made over the last four years have their origins in politics, not science; and

Whereas, our great nation cannot remain safe and secure if we allow other nations to advance beyond our capabilities in space; and

Whereas, the American people deserve a space program that is cost effective, sustainable, and has stated scientific goals; and

Whereas, America should lead the world in space exploration, space flight, and scientific research; and

Whereas, America should never be dependent on other countries to travel to the space station built by American tax dollars and intellectual investment; therefore be it

Resolved, that the Republican National Committee shall call on the Obama administration to stop playing politics with our nation's space program; and be it further

Resolved, that the Republican National Committee calls on Congressmen and Senators of both parties to strongly urge the Obama administration to present a serious, coherent program that protects our space program, which is vital to our national security and our national interest.

RESOLUTION SUPPORTING CORE VALUES OF THE 2012 REPUBLICAN PLATFORM

Whereas, the 2012 Republican Platform states, “our rights come from God, are protected by government, and that the only just government is one that truly governs with the consent of the governed,” (Preamble, p. i); and

Whereas, the 2012 Republican Platform state, “Faithful to the ‘self-evident’ truths enshrined in the Declaration of Independence, we assert the sanctity of human life and affirm that the unborn child has a fundamental individual right to life which cannot be infringed. We support a human life amendment to the Constitution and endorse legislation to make clear that the Fourteenth Amendment’s protections apply to the unborn children” (We The People: A Restoration of the Constitution, p. 13-14); and

Whereas, the 2012 Republican Platform states, “We uphold the right of individuals to keep and bear arms, a right which antedated the Constitution and was solemnly confirmed by the Second Amendment” (We The People: A Restoration of Constitutional Government, p. 13); and

Whereas, the 2012 Republican Platform states, “We believe that marriage, the union of one man and one woman must be upheld as the national standard, a goal to stand for, encourage, and promote through laws governing marriage,” and “We embrace the principle that all Americans should be treated with respect and dignity,” (Renewing American Values to Build Healthy Families, Great Schools and Safe Neighborhoods, p. 31); and

Whereas, the 2012 Republican Platform states, “The greatest asset of the American economy is the American worker,” and “Just as immigrant labor helped build our country in the past, today’s legal immigrants are making vital contributions in every aspect of our national life,” and “Their industry and commitment to American values strengthens our economy, enriches our culture, and enables us to better understand and more effectively compete with the rest of the world;” and

Whereas, the 2012 Republican Platform further states, “Illegal immigration undermines those benefits and affects U.S. workers. In an age of terrorism, drug cartels, human trafficking, and criminal gangs, the presence of millions of unidentified persons in this country poses grave risks to the safety and the sovereignty of the United States,” and “Our highest priority, therefore, is to secure the rule of law both at our borders and at ports of entry” (Reforming Government to Serve the People, p. 25); therefore be it

Resolved, the Republican National Committee reaffirms our commitment to the core values of the Republican Party as stated in the 2012 Republican Platform approved by the delegates to the Republican National Convention on August 28, 2012.

RESOLUTION TO RESTORE STATE SHARE OF MINERAL ROYALTIES

Whereas, the federal government owns approximately 640 million acres of land, with most of this acreage in the western U.S. and Alaska; and

Whereas, the Federal government receives royalties from leasable minerals produced on federal lands; and

Whereas, the Obama Administration contends that The Budget Control Act of 2011 mandates an across-the-board 5.1 percent sequester reduction, including revenue (royalty) payments to states; and

Whereas, this novel interpretation means that about \$110 million will be withheld from states where energy production occurs on federal lands during the remainder of the fiscal year; and

Whereas, this loss of revenue stream will impact many state programs dependent on the royalty income; and

Whereas, this novel interpretation could be extended to other revenue payments to states, such as highway funds; therefore be it

Resolved, the Republican National Committee urges that these revenue payments not be subject to sequester reductions.

As adopted by the Republican National Committee on April 12, 2013.
